Dear colleagues and friends,

Annual conference of the Association of Medical Physicists of India (AMPI) is usually conducted in the month of November every year. Due to COVID-19 pandemic, AMPICON-2020 has been postponed twice with a hope to organise the conference either by physical or hybrid mode. However, we could not succeed and finally need to proceed with a drastically curtailed program prior to the Annual General Body Meeting (AGBM) of the association. We hope and believe that scientific program of the curtailed conference will be useful for all our colleagues and will bring continuity in the tradition of the association of holding annual conferences. We request your participation in large numbers both in the scientific program and in the AGBM.

Dr. S. D. Sharma  
President, AMPI

Dr. Shobha Jayaprakash  
Secretary, AMPI

### Scientific Program

- |  |                                      |
|--|--------------------------------------|
| 13.15 Welcome address  | : Dr. S. D. Sharma, President, AMPI  |
| 13.20 Opening remarks  | : Dr. B. K. Sapra, Head, RP&AD, BARC |
| 13.30 Dr. Ramaiah Naidu Memorial Oration: Dr. S. P. Mishra, RML, Lucknow<br>(Evolution of medical physics over past four decades and the emerging new paradigms) |                                      |
| 14.20 Biological bases of modified fractionation schemes   | : Dr. B. S. Rao, Mumbai              |
| 14.50 Challenges in small photon field dosimetry   | : Dr. M. Ravikumar, Bangalore        |
| 15.20 Physical and clinical aspects of plaque brachytherapy  | : Dr. U. Selvaraj, Coimbatore        |
| 15.50 Technological advances in medical imaging  | : Dr. Sameer Tipnis, USA             |
| 16.25 Vote of thanks   | : Dr. Shobha J, Secretary, AMPI      |
| 16.30 AMPI Annual General Body Meeting - Participants - AMPI Members only  |                                      |
