Online Registration Form:

Welcome to NECE2024!

On the World Environment Day join us for an exploration into the intersection of nuclear energy and environmental sustainability at the Nuclear Energy & Clean Environment For Sustainable Development (NECE2024) theme meeting.

NECE2024 will include invited talks and panel discussions on 6 key agendas –

1. Ionizing Radiation for Inclusive Growth
2. Nuclear Power for Sustainable Development in India
3. Communicating Nuclear and Radiation Science with Clarity
4. Nuclear and Radiation in Health Care
5. Nuclear and Radiation Technologies for Food and Agriculture
6. Nuclear and Radiation Technology driven Industrial Growth

Don't miss this opportunity to be a part of the conversation driving positive change towards a cleaner, greener nuclear future. Join us at NECE2024 and together, let's explore the transformative potential of nuclear energy for a cleaner environment and a sustainable future.

Organized by

Health, Safety & Environment Group, BARC
